

Planning for your pet's health

At Lanes Vets we believe in a proactive, preventative approach to your pet's healthcare. We want to make responsible pet ownership simple and affordable which is why we have designed our VIP Pet Health Plan.

The VIP Pet Health Plan spreads the cost of routine vaccinations, flea and worm treatment over a twelve month period. This includes a VIP health check with a vet 6 months after routine vaccination at which time inclusive anal gland expression and nail clipping is included if necessary. In addition members of the scheme can get 10% discount on some other services, routine neutering, food, accessories and long term medications. Please see separate sheet for costs and potential savings.

We have teamed up with The Practice Business who administer the scheme and collect the regular direct debits on our behalf. This frees us up to concentrate on providing the best care possible for your pets.
